

# Pool Rules

## & FRIENDLY REMINDERS

### Personal Responsibility & Reminders:

- No lifeguards on duty at any time. Swim at your own Risk. WATCH the kids!
- Wear sunscreen. Even our older, tougher kids need protection from rays.
- Bring plenty to drink. Staying hydrated on hot days is important, even in the pool. Our pool has a vending machine nearby for drinks if you need them.
- Please make sure everyone in the family knows the importance of swim safety. The pools are not deep to adults, but accidents can occur in even the most shallow water.
- Reiterate to kids what they can and cannot do at the pool. WATCH the kids! Please do not allow kids to throw rocks, dirt and other harmful items into the pool.
- If you find someone else's keys, wallet, or other personal items, please turn them into the Management Office. Your neighbor will appreciate that kind gesture.
- If for any reason during normal operations something goes wrong, please notify the Management Office or call 911 for an emergency situation.
- If you see unattended children, remove them to safety. A moment spent doing so could save an unattended child's life. Be involved. It's everyone's job to do the right thing.

### For Your Safety & Everyone's Enjoyment:

- Be safe, be aware, and be ready. It only takes a few seconds for things to go terribly wrong.
- No running, jumping, diving or horseplay. Report inappropriate behaviors to the Management Office.
- Be mindful of neighbors and have pleasant, family-oriented conversations. Little ears are listening.
- No glass bottles, stereo music, alcohol, skimpy swimwear (thongs).
- Kids under sixteen must be supervised by an adult at the pool and inside the community center.
- Please dry off completely before entering the Community Center.
- Children not potty trained must wear a water resistant swim diaper to avoid unsanitary "deposits" into the pool. If this happens, notify the Management Office. The pool will have to be treated immediately.
- Make sure the gate closes behind you.
